

Speakers at Open Floor Hearings 1,2 & 3

These three days of Open Floor Hearings (links to audio below) marked the beginning of the Examination into EA1N and EA2. We heard 62 very powerful presentations clearly laying out our objections to SPR's ill-conceived plans. We finally had the opportunity to begin to show our strength of feeling to the Inspectorate. We must be hopeful that our contributions strike a chord. Many thanks to those that spoke.
